

## Don't be **LEAD** astray!

Under the new EPA rule, beginning April 22, 2010, contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, child care facilities, and schools built before 1978 must be certified and must follow specific work practices to prevent lead contamination. Without certification builders/remodelers could face EPA fines of \$32,500 per violation, per day. For complete details: [www.epa.gov/lead](http://www.epa.gov/lead)

Can you afford not to take the class?

Class will run from 8am-5pm. Cost for the class is \$225 for members; \$325 non-members (cost includes lunch).
